

A comparative investigation on the meaning of security in the new political thought of west and comparing it with the meaning of security in Imam Khomeini's thinking

Shakeri, Sid Reza – 1389

Subject: Imam Khomeini, Security, political thinking, west

Publisher: Imam Khomeini and Islamic Revolution research centre

The essence

The modern political thinking of security have become the focus point of today's topics and discourses. And this is reckoned as a kind of replacement for the traditional way of political thinking. And this dissertation is revolving around understanding and explanation of the reason for such replacement.
