Synopsis:

This thesis with the title "getting to know once more the concept of power regarding Imam Khomeini's political thoughts examines his views with respect to legitimate power, guardianship of the jurisprudence and religious primacy of the people (and the tie between democracy and theocracy). Some of the questions of this research work are as follows: what are the bases and bottom layers of Imam Khomeini (peace be upon him) in the area of power? What are the conditions and limits of the power of the guardian jurisprudent? What has been Imam Khomeini's interpretation of the concept of democracy? In the direction of answering those questions emphasizing the bottom layers of Imam's thought and the upper part outlook of him regarding the topics and power I examined them and there are three chapters. Entrance (the research work's theoretical generalities); The chapters are as follows: chapter 1- theoretical bases of power according to Imam Khomeini; chapter 2- the concept of power regarding the guardianship of the jurisprudent's thoughts; chapter 3- democracy and power regarding Imam Khomeini's thoughts.

Key words: *Imam Khomeini, power, political thought, guardianship of the jurisprudent, religious primacy of the people*
