**Submitted to:** the political department of the martyr Mahalatee and the Islamic revolution's guard's corps study center

## **Abstract:**

The writer in that direction has examined Imam's scientific and the training dimensions in the first chapter and they are as follows: Imam Khomeini with respect to the realm of the purification of the self: In that realm first, the writer has talked about the necessity of the purifying of the self and then he has examined the features of the purification of the self in Imam's life.

In the second chapter I have paid attention to the Imam's practical character sketch and that concerns the worshipping and the morality subjects and I have also examined the place and the features of the praying as far as Imam was concerned and the paying attention to the honourable witnessing pilgrimage.

In the 3<sup>rd</sup> chapter I have examined the Imam's place as a pioneer of the Islamic teaching and getting taught and I have also examined the Imam's scientific place and him training his students and his personality and his behavior and also the mandatory and the different things such as the Islamic mysticism.

**Key words:** Imam Khomeini, the character sketch, the teaching and the training, the morals, the praying, the pilgrimage, the mysticism
